# About us

---

"PeaceBox" gather huge amounts of volunteers to give out daily life essentials to the needy in Hong Kong every year since 2014.

Echoing with the theme of Easter, "PeaceBox" hope to spread the message of love and peace through giving out little gifts to the low-income families in Hong Kong. We hope to show love, care and support to the needy.

## Parent-child volunteering

Parents collected gifts, wrote blessing cards and gave out the donations to the needy together with their children.

Not only can they help low-income families, but they can also bond with their children while their children can also learn to care about other people.

# Church fellowship volunteering

Visiting the needy in  
the neighbourhood  
together with  
brothers and sisters  
from fellowship.

Spreading Christ's  
love and living our  
faith.

# Fulfilling corporates' social responsibility

Corporates can encourage their workers to volunteer together.

The whole company can make some good changes to the society while strengthen bonds between co-workers.

# Students participation

Schools can encourage students to participate together, teaching students the goodness of sharing and spreading love.
