[3] Building connection by listening, sharing, affirming, and challenging.

[4] Thinking through the implication and process with partner. Question we usually asked: What do the people see are the issues?

 There are five groups of people that we focus:

a. The elderly
b. Underprivileged adolescent
c. Underprivileged children
d. Underprivileged women/New immigrants
e. Minority

[5] We have a clear vision to build system.

[6] Developing the network by commitments, referrals and recommendations.

[7] In order to have power analysis on how to increase powers by increase capacity, ability and willingness to act, then let this become a permanent movement.

[8] There are five steps to create program:

a. Evaluation
b. Plan
c. Conscientization (Learning to perceive social, political, contradiction, and take action against the organize elements of reality right time)
d. Imagination from empowerment
e. Devotion (biblical reflect to share heritage and gain affiliation)

[9] Understanding problem and solve the issues bite by bite, then synergy effect will be given out. Using strategy to take action and reflect. Finally, celebrate and evaluate the goals. Identify service gap with church partners, create pilot program to develop into model for church application in the community.
