About HKCNP

Vision

Our Lord has heard the cry of the underprivileged people in Hong Kong, it's He who calls His people, sends them into communities of the poor: walk humbly with God, act justly and love mercy; speak according to the truth, act from a caring heart to manifest the witness of our church in trinity.

Mission

Founded by Hong Kong Chinese Christian Churches Union, Hong Kong Christian Council, Hong Kong Church Renewal Movement, frontline Christian agencies and churches which care for the poor, "Hong Kong Church Network for the Poor" (HKCNP) is a well-established network and community network platform which cares for the poor, delivers services and transforms the community collaboratively with partners. We are committed to identifying service gaps and developing multiple pilot schemes in response to the needs with our partner churches. With an emphasis on capacity building, empowerment and mentorship, HKCNP provides reliable services which combine knowledge and caring. We help and empower our frontline partners to expand services and be in contact with more deprived groups by consolidating community network resources, so the churches can deliver poverty caring work and achieve God's kingdom mission in the community more effectively.

Positioning

"Hong Kong Church Network for the Poor" is a network and platform which connects our partners. As an institute which serves the underprivileged, instead of providing services directly, we render services through our partner churches, enterprises, schools and institutes.

Words from the Chairman

May you have a blessed and joyful new year filled with grace and peace. The fleeting passage of the year 2023 prompts us to reflect on the work accomplished by HKCNP throughout the year. Despite its demanding nature, the work has been profoundly meaningful, for which I sincerely express my gratitude to our Heavenly Father. In retrospect, HKCNP has remained steadfast in fulfilling the Great Commission entrusted to us by the Lord — to care for the poor, establish network partnership, transform community, and encourage the unit of churches.

The theme of last year's annual report was "One mind. One heart. One God." while this year's is "Poverty caring, network partnership and community transformation - Focus on Jesus, Journey with Love, and Recipients Become Benefactors." Thank the Lord for allowing the engagement of over 1,080 partnering entities with HKCNP last year. Notably, around 70 pastors were united through the platform of HKCNP during the HKCNP Pastor & Leader Retreat, where they blessed and supported one another, earnestly fulfilling the kingdom mission.

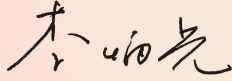

In collaboration with the Christian North District Chinese Association and Professor Wong Hung, Associate Professor (Teaching) from the Department of Social Work of the Chinese University of Hong Kong, we conducted a survey in North District last year. The findings revealed that the "Spiritual index" of the local residents consistently followed up by churches were higher than those of the general populace. This index encompassed indicators such as "inner peace" "spiritual fulfillment" and "the ability to bring happiness to others". The result reflected the positive impact of churches' work and the elevation of spiritual tranquility and happiness resulting from faith. As Jesus proclaimed, "In me you may have peace" (John 16:33), and "Peace I leave with you; my peace I give to you. Not as the world gives do I give to you. Let not your hearts be troubled, neither let them be afraid." (John 14:27).

Last year, we achieved significant strides in community transformation in Shui Chuen O, North District, and Yau Tsim Mong District. Moreover, we fostered connections with numerous churches, including congregations, schools, and service organizations, through our network. For Love in

Action and mentorship, we continued implementing activities such as PeaceBox and the mentorship program of the Child Development Fund. Evidently, we have wholeheartedly dedicated ourselves to the development of our ministry, networking endeavors, and educational advocacy throughout the previous year (for further details, please refer to our annual report). Here I would like to express my sincere appreciation to my colleagues, as well as extend my heartfelt gratitude to the church leaders and individuals from various sectors who have placed their trust in us and provided us with steadfast support.

Having dedicated over two decades of my life to the service of HKCNP, I believe it is the time to pass on the torch. Human endeavors inevitably come to an end, yet God's work must perpetually advance. May the Lord bestow His divine strength upon the successors, guiding them to carry forth the torch, build upon our foundations, and further the church's responsibility in caring for the impoverished which has been entrusted to us by God. At this moment, I would like to express my deep appreciation for the unwavering unity and concerted efforts demonstrated by the board members and colleagues of HKCNP throughout the years, as well as for their meticulous care and love towards me personally. May the Lord continue to pour forth abundant blessings and fortitude upon HKCNP, magnifying the impact of its sacred work and bringing glory to God while benefiting humanity. Amen.

Rev. Li Ping-Kwong, SBS
Chairman of HKCNP

Words from the Executive Director

within the essence of HKCNP. Under his leadership, we remain resolute in our efforts to foster collaborative networks with our partners, steadfastly adhering to the following five ministry directions:

- Guided by the Lord
- Centered on the Kingdom of God
- Committed to serving congregations
- Multiplying our transformative impact through collaborative networks
- Demonstrating compassion for the impoverished

In 2024, Rev. Li Ping-Kwong will gracefully retire from his position as the Chairman of HKCNP, assuming the esteemed role of Honorary Advisor of HKCNP, a transition that evokes a profound sense of nostalgia within our hearts. Although Rev. Li will officially entrust the mantle of our mission to his successor, we firmly believe that his devotion to the Lord, his love for humanity and the underprivileged shall continue to walk hand in hand with HKCNP. On behalf of the HKCNP team and all our partnering entities, I wholeheartedly express our deepest appreciation to Rev. Li Ping-Kwong. May the Heavenly Father continue to bless and safeguard this faithful servant leader to become a source of blessing to the multitude. Furthermore, may the Heavenly Father continue to guide and safeguard HKCNP's journey, enabling us to remain steadfast in our mission to care for the impoverished, foster network partnership, and transform our community.

Dr. Susanna Ma, CPA, MCSS
Executive Director of HKCNP

Praise the Lord as I reflect on the past 11 years since assuming the role of Executive Director of HKCNP. Throughout the period of time, I have maintained a close collaborative partnership with Rev. Li Ping-Kwong, the Chairman of HKCNP. As a professional in the realm of business, I initially found myself grappling with the intricacies of serving as an organizational Executive Director. It was through Rev. Li's patience and compassion that I embarked on a transformative journey of learning and personal growth.

During those formative days, Rev. Li introduced me to various Executive Directors from different institutions, arranged meetings with chief pastors and donors to share the needs of HKCNP and foster the establishment of connections with churches. More importantly, he imparted invaluable lessons on how to serve the impoverished, shepherds and churches, and to walk side by side with them on the path.

At that time, Rev. Li, serving as a board member for over 20 institutions, extended his blessings and guidance to numerous teams of Christians and spearheaded the transformation of communities. HKCNP, with its present 1,080+ partnering entities, owes its success to Rev. Li's steadfast companionship with God, serving as an exemplary role model. With genuine sincerity and devotion to the Lord, Rev. Li laid the bedrock for HKCNP, united a strong board of directors, all of whom love the Lord, people, and the underprivileged, shared a deep commitment to assuming collective responsibility and leading HKCNP and its partner teams in the manifestation of the Kingdom in the community.

I extend immeasurable gratitude to Rev. Li for his companionship with the HKCNP team throughout the years. Every year, he joins us in our retreats, demonstrating genuine concern for the physical, mental, social and spiritual well-being of our fellows. Through the teachings of God's words, he guided and inspired us to embrace our roles as obedient servants in the Lord and exemplify the lives of the apostles. Rev. Li was one of the convenors in the establishment of HKCNP, and I greatly enjoy listening to him share how God summoned Christian leaders to establish HKCNP in 1997. His profound teachings and transformative life will continue to resonate

HKCNP network leadership platform

It was grateful that in 2023, a group of partners who love God, love people, and love the underprivileged walked with HKCNP with one mind, one heart and one God. Together, we transformed communities at various levels through the gifts bestowed upon us, while promoting Kingdom Asset Based Community Development. The following are some sharings from a few HKCNP partners. We eagerly anticipate the participation of more servant leaders, as we work together, walk alongside the Lord, and manifest the Kingdom in our community.

"The church is a mobile community, scattered as vanguards in the world. It should enter the society, not centering around the chapel. The church should not be restricted by physical spaces but rather transform lives within the context." - **Rev. Kwan Ho Yin, a core member of HKCNP Space Transformation Team**

*Promote the transformation of church spaces, making the church a shared space in the community and engaging local residents.

▲ Dr. Albert Siu Huen held a neighborhood worship service at the Yan Oi Medical Clinic in Kwai Chung, worshipping the Lord together with the brothers and sisters.

"HKCNP has built this platform that connects us with different partners. We share resources on God's land. Since this land belongs to God, if we have space and time but fail to utilize them properly, why can't we let others use them? So, we use them together and work together." - **Pastor Wong Kit Ling from Lai Yiu Alliance Church**

*Through Love in Action of HKCNP, we directly reach out and follow up on the needs of underprivileged families with resources, connecting with compassionate community members and collaborating with different churches, so that each congregation can better utilize their gifts to serve the community.

▲ The core members of HKCNP Space Transformation Team 2023 took a group photo with HKCNP fellows.

"The Agape Healthcare Program facilitates collaboration between clinics and churches, providing subsidized free consultations at the clinics to underprivileged families which struggle to access timely medical assistance. It benefits the underprivileged, provides opportunities for clinics to serve, and allows the church to practically walk alongside the underprivileged in the medical realm, establishing all three in the process." - **HKCNP Workplace Fellowship Network Advisor Dr. Albert Siu Huen**

*Through collaboration with the church, we walk alongside the patients with holistic healing - physically, mentally, socially, and spiritually.

▲ Lai Yiu Alliance Church is passionate about community care and service. When the church initially started distributing frozen meals, the service team ate the same menu as the local residents for an entire month.

HKCNP network leadership platform

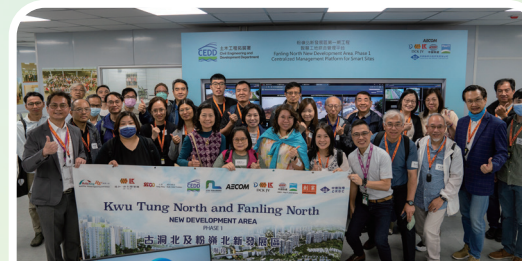

▲ HKCNP Pastor & Network Leader Retreat 2023 - Pastors mutually shared and prayed for one another, journeying together in the Lord.

"I deeply feel that through the platform of serving the underprivileged, Jesus allows us to share His heart of compassion for the poor, just as He did with His friend Abraham. We need to constantly draw near to Him, listen to His voice, and align our hearts with His. I'm grateful that HKCNP not only provides a platform for inter-church collaboration, but also a platform for retreats, where pastors draw near to Jesus together." - **HKCNP Pastor Network Advisor Rev. Ng Chun Ning**

*Relationship-based, willing to connect with pastors across congregations, denominations, and districts, caring for the local residents around us, and truly entering the community.

"'Perseverance' is to respond to God's calling to serve the grassroots community in need. The church understands that the development of a Gospel-centered ministry needs to 'focus on effort, not the outcome'; The Chinese Rhenish Church Hong Kong is also willing to take on this 'unprofitable business', and partnered with HKCNP to learn to be a 'Good Samaritan!'." - **HKCNP Executive Committee Rev. Yan Siu Wai**

*Be a servant leader, serve humbly, and focus on God's Kingdom to preserve in the face of challenges, and build the resilience of the church and community.

▲ North District survey further fostered relationships among churches in North District. By conducting prayer walks, network collaborations and sharings, churches were allowed to support one another. HKCNP also connected with Johnny, who led everyone in site visits for the development needs of North District and exploring resources to serve the local residents.

▲ Rev. Yan, on behalf of HKCNP, preaches in partner churches, sharing the message of caring for the poor and encouraging Christians to engage with the community.

"Believers need to connect their work with God's work. Every moment at work is already an act of serving God, and it is such a wonderful thing. Each person has varying degrees of influence in the community, and if there is an opportunity in my workplace, I will also encourage the company and partners to bless the disadvantaged groups." - **HKCNP District Development Advisor and civil engineer Mr. Tang Chi Kong (Johnny)**

*Utilizing professional network resources to collaborate with churches in North District, exploring opportunities for sharing the gospel and transforming the community.

Gospel transformation of society

Your will be done, on earth as it is in heaven.

Luke records the mission of Jesus Christ during His earthly ministry: to proclaim good news to the poor, to proclaim liberty to the captives and recovering of sight to the blind, to set at liberty those who are oppressed. The Lord empowers all people, enabling the residents of a community to cultivate the capacity to resolve their own challenges and manage their own lives, thereby achieving holistic development in physical, mental, social and spiritual realms, and ameliorating various facets of the community (health, education, employment, relationships). Through this process, both the impoverished and the affluent can experience life transformation, living out God's intended purpose, and the community becomes a place that manifests the Kingdom of God.

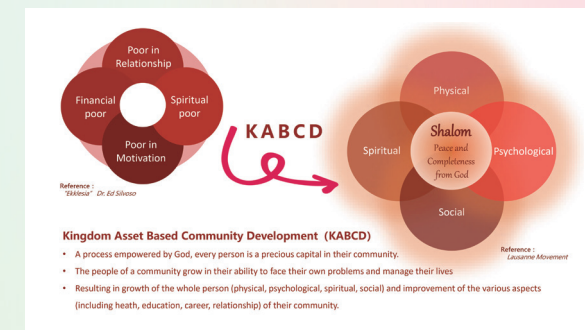

Praying for society and establishing networked collaborative service relationships

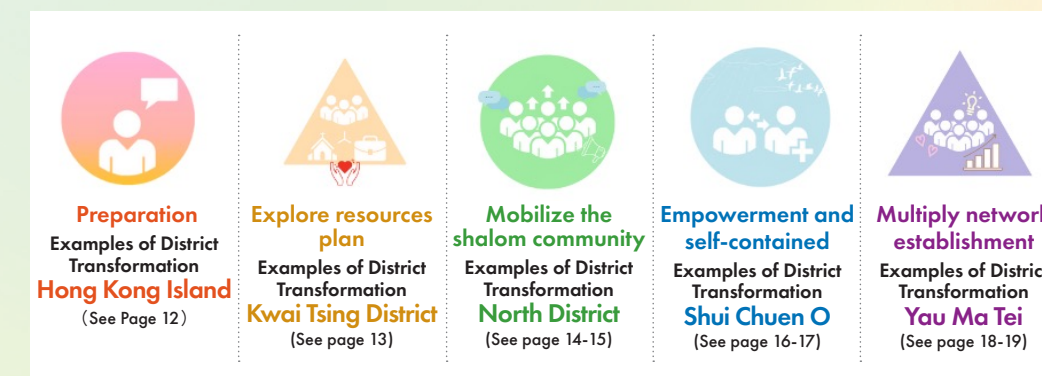

That they may all be one, just as you, Father, are in me, and I in you, that they also may be in us, so that the world may believe that you have sent me. (John 17:21)

Kingdom Asset Based Community Development

HKCNP has consistently advocated that poverty encompasses four dimensions: economic, relational, spiritual, and motivational. "Kingdom Asset Based Community Development" (KABCD) is a theoretical framework grounded in the Triune God, the Kingdom, relationships, and networks. It relies on the empowerment bestowed by God to establish a process of coherent life transformation, bringing people's physical, mental, social and spiritual realms into the eternal peace of God's Kingdom.

"Kingdom Asset Based Community Development" comprises five stages. Tailored to the unique gifts and callings of its partners, HKCNP initiates community service, gradually journeying alongside them, deepening relationships with both partners and those being served, establishing these "social capital", and facilitating collaborative network resources to cultivate a sustainable community development model. HKCNP's diverse partner churches have discerned distinct visions for the communities they serve. Employing the "Kingdom perspective" as the foundation, HKCNP, through these five stages, promotes the unified deployment of each church's gifts and sharing of resources. HKCNP has been supporting the churches in exploring and developing contextually relevant community transformation models through pilot schemes of **Love in Action**, **mentorship programs** and **advocacy**. HKCNP has been working with multiple churches in promoting and implementing these beliefs. As of December 2023, HKCNP has engaged over 1,080 partnering entities in this transformative journey. We are deeply grateful for the trust of our partners and their willingness to share real-life testimonies, which encourage, educate, and accompany the community. In the following chapters, we will share real-life cases from five districts, showcasing how these theoretical frameworks have been manifested through the diligent efforts of our partnering entities, narrating the moving stories of life transformation and community witness.

Kingdom Asset Based Community Development

Examples of five stages manifested in different districts of Hong Kong

Preparation: Hong Kong Island

Examples of five stages manifested in different districts of Hong Kong

As preparation, HKCNP has been disseminating the vision of sustainable community-led development to partners across Hong Kong Island, such as previously hosting HKCNP 101010 and "10.17 Fast-a-Meal" Caring for the Poor Movement with Evangelical Free Church of China Kong Fok Church, our partner church, and conducting a survey on the circumstances of underprivileged individuals in Central and Western District. Although Hong Kong Island exudes an aura of prosperity, affluence and advancement, the living conditions of many underprivileged residents in the area are no better than other districts, particularly in Western District where many sub-divided units exist. We are grateful that Kong Fok Church has collaborated with HKCNP to galvanize believers to engage with the community and explore sustainable models of community transformation in diverse districts. For instance, they have participated in the outreach services of HKCNP's partner churches and organizations across various districts such as Southern District, Tai Kok Tsui, Central and Western District, Tuen Mun, Sham Shui Po, Fanling and Yau Ma Tei. Over the years, the church has engaged in the Child Development Fund Mentorship Program (CDF) as mentors and HKCNP's community services, and also invited the Executive Director of HKCNP to deliver sermons at the church.

Advocacy, providing community service training, conducting prayer walks with partners, preaching at churches, conducting community situation surveys, etc. are some of the pioneering initiatives that HKCNP has undertaken with partners in various districts as preparatory work for community transformation. Considering the vision imparted by the Lord and the situation of the partner churches, appropriate resources are allocated to collaborate in community services. In 2023, Kong Fok Church connected with churches and organizations in Southern District to launch services, building upon the previous experience of walking alongside HKCNP partners. They continued to serve the community through a networked collaborative approach, bestowing blessings upon the community.

▲ HKCNP fellows and Rev. Peter Lam, Minister-in-charge of Kong Fok Church visited various churches and organizations in Southern District to forge partnerships, and presented the "Eight Beatitudes of the Kingdom" calligraphy by HKCNP Chairman Rev. Li Ping-Kwong as a benediction.

Kingdom Asset Based Community Development

Examples of five stages manifested in different districts of Hong Kong

Explore resources plan: Kwai Tsing

Establishing a core team and pooling individual, congregational and community resources

The partner churches in the Kwai Ching District have consistently participated in various programs of HKCNP. We are grateful that Elim Church has shared their "Agape Healthcare Program" with HKCNP, enabling HKCNP and Workplace Fellowship Network Advisor Dr. Albert Siu Huen to reference it as they networked two partner churches in Kwai Chung to develop a program. This facilitates Christian doctors to explore models which integrate their professional expertise with service, so that the doctors' specialized skills and the churches can collaborate to walk alongside underprivileged families, providing holistic healing - physical, mental, social and spiritual - to those in need, transforming lives through Christ's love. We are appreciative that HKCNP has collaborated with the Christian Doctor Network, and medical students from the University of Hong Kong have participated in HKCNP's internship program, including engaging in the "Agape Healthcare Program"* to support frontline service in churches in Kwai Ching District. This has allowed them to experience and contemplate how to leverage their gifts to serve the marginalized groups in society.

In the course of implementing this program, we discovered that some underprivileged families were already connected with different churches in Kwai Ching District. Praise the Lord for using HKCNP's platform to cultivate inter-church relationships and trust, so churches are now willing to be transparent and communicative, sharing congregational resources to serve the local residents in need, synergizing to bless the community. We continue to pray for these network relationships, hoping that various pilot schemes can enable the churches in the district to develop diverse community transformation models in alignment with God's will, mobilizing more churches and believers with a heart to respond to community needs to unite in addressing service gaps in the district.

* Agape Healthcare Program 2023

- Alleviate the financial burden on underprivileged families for their routine medical expenses and mitigate the stress they face from prolonged waiting times at public healthcare facilities
- Through the collaborative efforts of clinics, churches and volunteers, achieve holistic healing addressing the physical, mental, social and spiritual dimensions
- Emphasize the significance of volunteers' deepened engagement and accompaniment
- Testimony: Nurse Tracy from the "Agape Family Health Clinic" shared, "I recall an instance when we visited a recipient with the volunteer team, and we prayed for the mother. She was deeply moved to tears, expressing that there is still love present in this world."

Kingdom Asset Based Community Development

Examples of five stages manifested in different districts of Hong Kong

Mobilize the Shalom community: North District

Through the exploration of opportunities and the mobilization of community assets, HKCNP responds to gaps and creates community possibilities.

In November 2021, HKCNP collaborated with the Christian North District Chinese Association to host the "Transforming Lives in Community, Renovating Churches in North District Kingdom Asset Based Community Development Course (KABCD)" in North District. Adopting a "Kingdom Asset Based Community Development" service model, we aimed to bless this district, which the government would soon prioritize for development. Commencing with the course as preparatory groundwork, we uncovered the resources in the district through surveys and galvanized community participation in the investigation process. In the course of this endeavor, HKCNP established the Tin Ping Estate Network, utilizing Tin Ping Estate as a pilot site, to connect churches of diverse denominations and backgrounds in North District, as well as individuals passionate about serving the North District, facilitating the provision of cross-regional resources to transform lives and the community.

* YUM Church Youth Community Organizer Program

- Endeavoring to construct a novel community caring model through a mentorship-based approach
- Churches spearheading the recruitment and deployment of underprivileged youngsters aged 18-25 as community organizers
- Pastors nurturing and empowering youth through mentorship
- Testimony from a youth community organizer from Blessed Christian Church in 2023: "The most impressive part of service was accompanying my co-workers in providing care and support to a sister battling cancer. Despite her grave circumstances, her countenance radiated joy. This profoundly challenged my tendency to amplify present troubles, causing me to recoil and give up. Yet I witnessed the unassailable peace that God had bestowed upon her, reminding me to humbly submit to His leading."

▲ The North District Church Loves the Community Christmas Carnival 2023

▲ "Blessing the Neighborhood" volunteer team conducted outreach to the residents of Tin Ping Estate, distributing donated second-hand electrical appliances to deepen relationships

Kingdom Asset Based Community Development

Examples of five stages manifested in different districts of Hong Kong

Mobilize the Shalom community: North District

Thank the Lord for allowing HKCNP to participate and co-organize the "North District Church Christmas Carnival" hosted by The Hong Kong Chinese Christian Churches Union and the Christian North District Chinese Association in December 2023, and the "Mobilize Love Christmas Caroling" held at Tin Ping Estate with 19 churches, schools and organizations to collaborate and bless the residents of the North District. The pastors all shared their gratitude for blessing over 500 people that day, with 80 people willing to accept the Lord and attend church. We pray that the Lord will continue to watch over these new believers, allowing them to understand their faith through the church's care and guidance. In light of future development opportunities in the North District, HKCNP continues to network with various churches across Hong Kong, sharing resources with partners to address gaps in community services. We are grateful for the collaborative efforts over this period, serving and transforming the community together during Christmas, and witnessing this grace multiply. Moving forward, HKCNP will continue to bring community transformation into the North District, hoping to mobilize and connect with different churches to bear witness in unity and seize the Gospel opportunities in the development of the North District, showing the Kingdom of Heaven in the community and leading people to the Lord.

▲ HKCNP has maintained close collaboration with Christian North District Chinese Association, with multiple churches in North District joining in unified worship, mutual encouragement, and communal service.

Kingdom Asset Based Community Development

Examples of five stages manifested in different districts of Hong Kong

Empowerment and self-contained: Shui Chuen O

Fostering community resilience, transforming beneficiaries into helpers

By 2023, robust collaborative relationships had been established among various units of the HKCNP Shui Chuen O network. Beyond merely providing resources, HKCNP's pilot schemes have also advanced the development of a distinctive community service model capable of empowering lives. United in their efforts, the network members jointly propagate the Christian faith and put into practice the teachings of loving one's neighbor. In collaboration with the Nethersole School of Nursing of the Faculty of Medicine of the Chinese University of Hong Kong, HKCNP established the "Chuen Sum Cares for You" visiting volunteer team to attend to the needs of local elderly residents. Volunteer squads have also been set up across all 18 blocks of Shui Chuen O Estate, institutionalizing a clear service framework to assist the community in responding to unforeseen challenges. For instance, when a water heater explosion occurred at Shan Chuen House in 2022, fellows of HKCNP's partner churches were promptly informed by the Shui Chuen O Estate volunteers about the plight of the affected singleton elder. They then proactively stepped in to provide support and follow up on the elder's living condition and well-being, eventually forging long-term neighborly bonds, and the elder even underwent baptism and joined the church.

Some volunteer team members have participated in HKCNP's "District Social Caring Volunteer Coupon Subsidy Program"*, not only caring for neighbors within their own residential blocks, but also playing a vital role in facilitating collaboration across the entire HKCNP Shui Chuen O network. Gratefully, in 2023, the "Shui Chuen O Estate Christmas Carnival" saw the churches, organizations, schools and enterprises of the HKCNP Shui Chuen O network unite in cooperative efforts that benefited the community, collectively manifesting the joyous spirit of Christ's incarnation throughout the neighborhood. Many cross-regional groups have now gained insights into the needs of Shui Chuen O and the outcome of networked collaborative service through HKCNP, and expressed willingness to establish networks and channel additional resources to facilitate community transformation, in support of this frontline team serving the local residents.

* District Social Caring Volunteer Coupon Subsidy Program

- Churches invite trusted underprivileged individuals to serve as volunteers and participate in the church's community outreach programs.
- This not only provides churches with much-needed human resources to serve the community, but also allows the underprivileged volunteers flexibility in arranging their work schedules according to their needs. Throughout the service process, the volunteers' lives are supported and rebuilt in terms of economic, interpersonal, motivational and spiritual dimensions, which brings about life transformation.

Testimony shared by HKCNP district social caring volunteer Ah-Har: "I express gratitude to the Lord for His divine orchestration, as witnessing the diligent efforts of others has also steadfastly reinforced my heart to serve the community. I hope that we can imbue each household with the love and spirit of Christ, providing a formidable bulwark not merely in material terms, but more profoundly in the spiritual realm."

Testimony shared by Rev. Lin Chun Choi, HKCNP Pastor Network Advisor and Shui Chuen O network convenor: "I am deeply thankful to have observed the spiritual growth of Ah-Har, whose life has been empowered by the Lord, and who has now channeled this love for her neighbors into the entire housing estate."

Kingdom Asset Based Community Development

Examples of five stages manifested in different districts of Hong Kong

Empowerment and self-contained: Shui Chuen O

The HKCNP Shui Chuen O network collaboratively authored a "Resilient Stories" testimony compilation in 2022, chronicling the authentic stories of 25 Shui Chuen O residents, such as how partnering entities within the network rallied to support the neighbors amidst the pandemic. By 2023, brother Lau Man Leung of Shatin Baptist Church, a partner church in the network, had composed a song, with lyrics penned by brother Chu Ho Lim, dedicated to the Shui Chuen O residents. Here is an excerpt from the lyrics:

Song title: Precious Living Spring

Fear not the sloping path, for with perseverance you shall ascend to the summit
Allow laughter to accompany your journey, surpassing the torment of the years
If the burden grows too heavy, and loneliness takes root within your heart
Then let love replace your tears, transforming into healing waters

* Learn to cultivate gratitude, support and care for the elderly, spreading joy to those around you

This profound sense of neighborhood loyalty, manifested through the group of Christians, recognizes their role as integral community members, diligently ministering to the community and instilling this spirit of love and empowerment within their surrounding neighbors. Whether believers or not, akin to the lyrics, with a heart of thankfulness, they seek to assist those in need, transcending mere self-interest to actively contribute and embrace a shared cultural ethos, becoming a wellspring of blessing to others and fortifying the community's resilience.

Kingdom Asset Based Community Development

Examples of five stages manifested in different districts of Hong Kong

Multiply network establishment: Yau Ma Tei

The community continues to undergo transformation, with all assets duly recognized and collectively developed in a manner that amplifies their strength and efficacy.

Pastor Lai Kwong Chak, HKCNP Pastor Network Advisor and convener of Praxis, has been walking alongside HKCNP, and the Yau Tsim Mong District network collaboration serving partners team has already cultivated a mature and distinctive service model tailored to the community's unique characteristics. For instance, they have forged relationships with proprietors in Yau Ma Tei Fruit Market, cooperating to serve underprivileged families and the homeless with fruits, and even distributing the fruits to HKCNP partner churches across 18 districts, as resources for frontline service and visit, enabling the churches to build enduring ties with the local populace.

Pastor Lai has also advocated the HKCNP "Kingdom Asset Based Community Development" model within the "Jordan Community Kingdom" Yau Tsim Mong District church network, encouraging more Christian collectives to contribute their gifts and resources, collaborating in a "networked collaboration" service paradigm, so that the service impact can be amplified through the network. By 2023, multiple churches within the "Jordan Community Kingdom" network have established "Neighborhood Fellowships" to accommodate the homeless and underprivileged individuals in the district, with many even undergoing baptism and joining the churches.

The "Community Ambassador Caring Experience Program - Advanced Training" has been convened for four iterations, with over 60 graduates from churches across the 18 districts bringing their acquired knowledge back to their communities and promoting the involvement of their own assemblies in community service, galvanizing more people to attend to the marginalized groups in the district.

Kingdom Asset Based Community Development

Examples of five stages manifested in different districts of Hong Kong

Multiply network establishment: Yau Ma Tei

Through the auspices of HKCNP, multiple partnering entities in the Yau Tsim Mong District have coalesced to jointly host carnival events during the Christmas season in recent years. After years of cooperative experience, trust-building, and relationship cultivation, the partners have become increasingly amenable and confident in the networked collaboration service model. In 2023, the YMCA of Hong Kong in Yau Ma Tei, Island Worship Assembly and Praxis co-organized the "Yau Tsim Mong Christmas Carnival" to welcome and follow up with the participating local residents. HKCNP has also leveraged its network efficacy, inviting Hong Kong Disciplined Services Christian Fellowship, enterprises, and churches from other districts to participate. Various partnering entities have contributed in diverse ways, such as donating gifts, providing venues, and recruiting volunteers, once again attesting that the community harbors abundant resources. When everyone is willing to embrace the "Kingdom Asset Based Community Development", they can establish unique service modalities within their own

communities and transform the community together through Christ's love!

This is merely a succinct account of the network's progression, from individuals disseminating their visions, to promoting congregations and Christian groups to participate, evolving into regional collaboration, and even cross-district unified service. HKCNP and the partners have undergone many prayerful journeys and mutual sharing experiences. If you desire further elucidation, you are cordially invited to contact HKCNP and embark on this distinctive service experience and witness the grace of multiplied network impact.

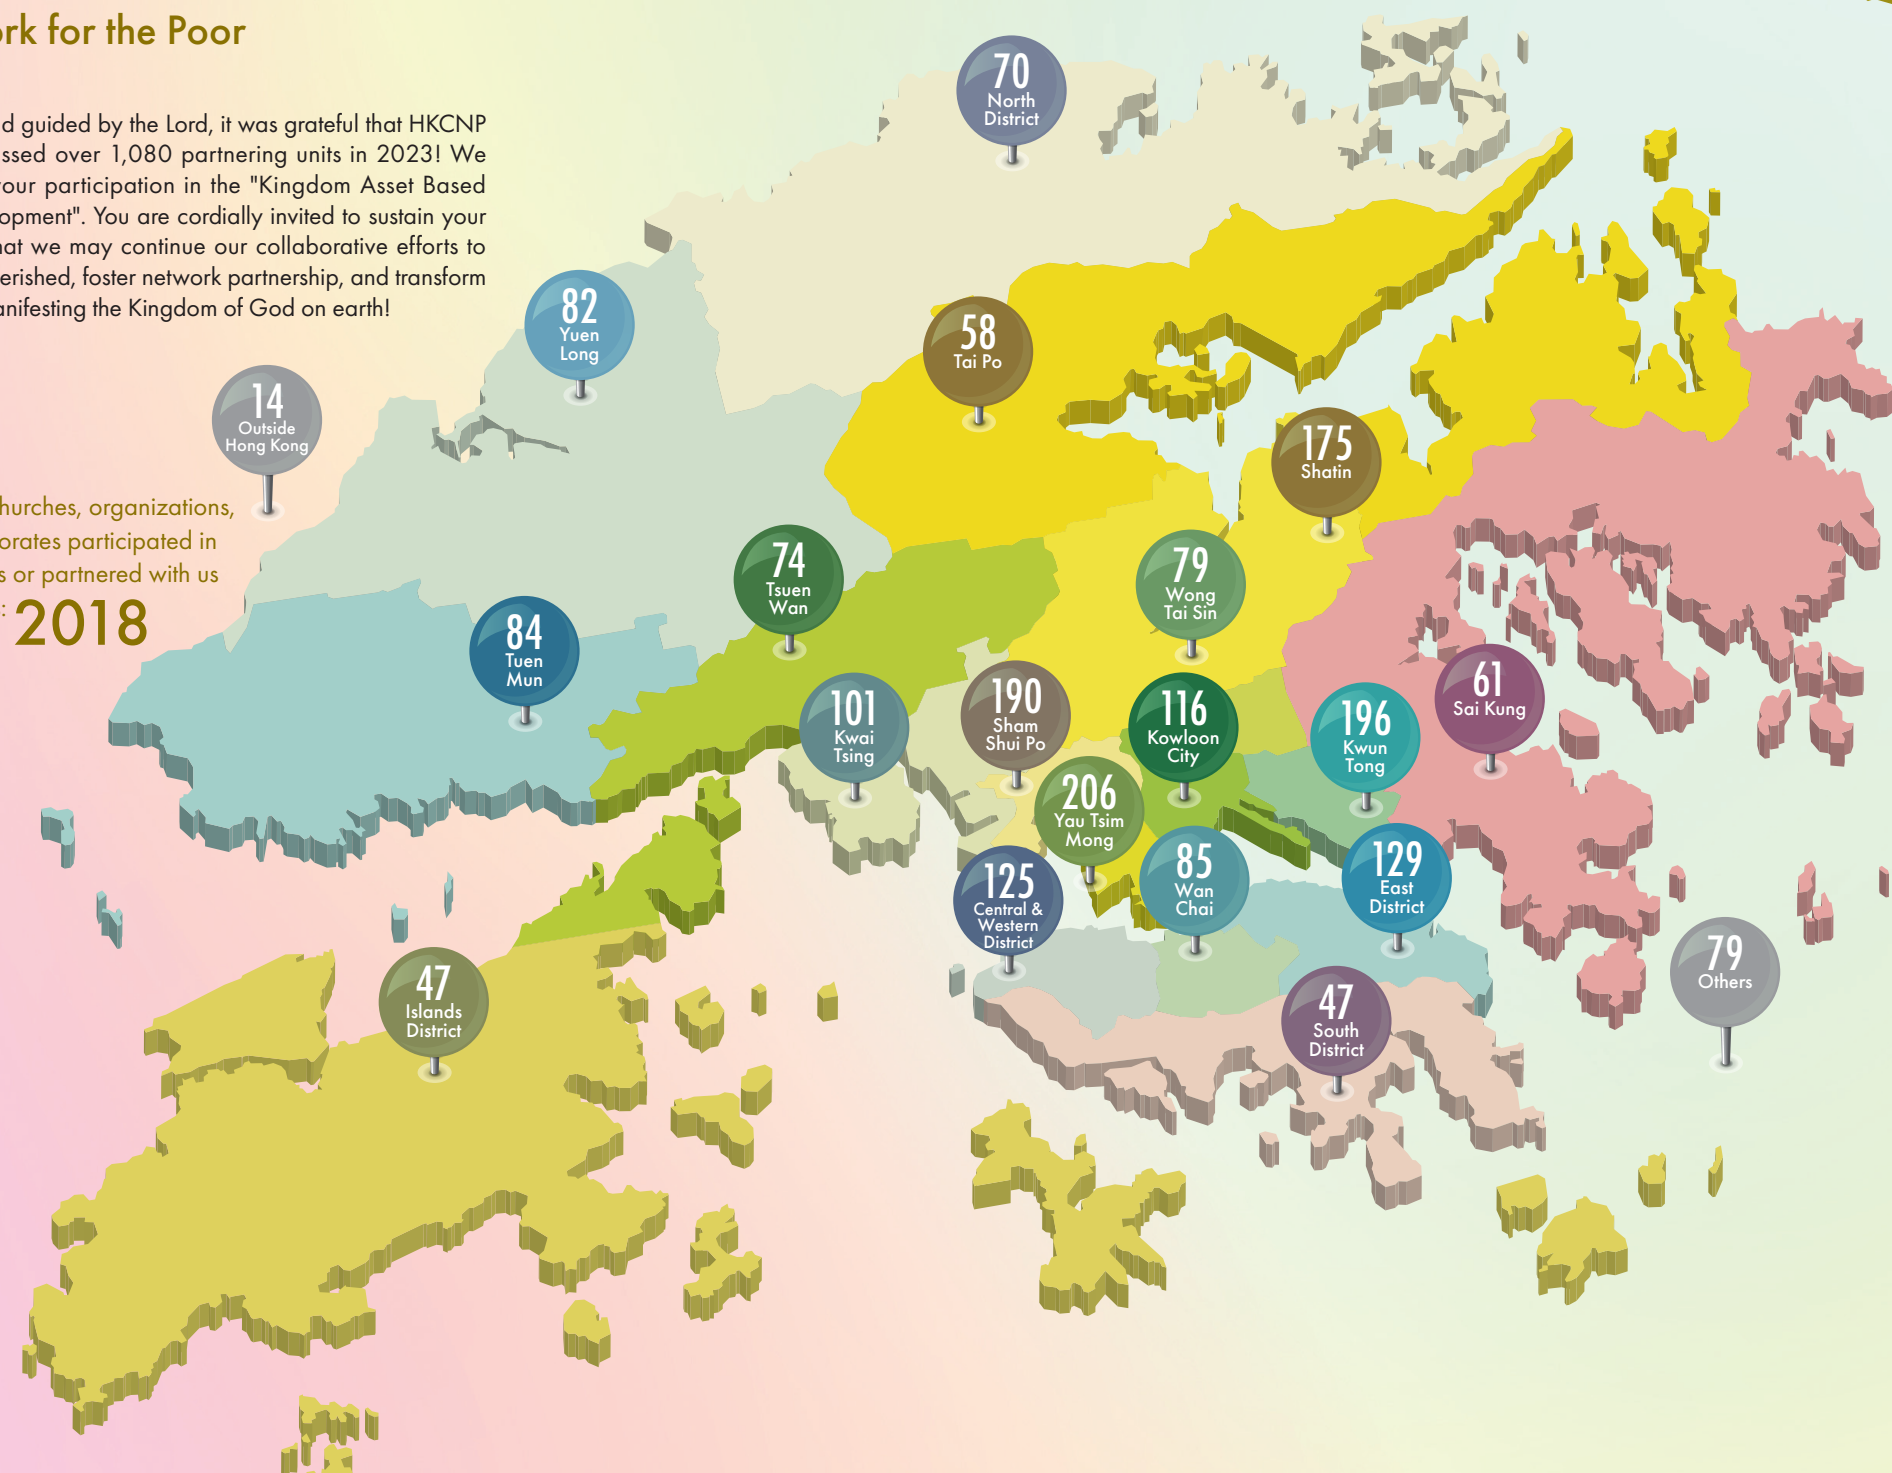

Network for the Poor

Being guarded and guided by the Lord, it was grateful that HKCNP network has amassed over 1,080 partnering units in 2023! We are thankful for your participation in the "Kingdom Asset Based Community Development". You are cordially invited to sustain your involvement, so that we may continue our collaborative efforts to care for the impoverished, foster network partnership, and transform the community, manifesting the Kingdom of God on earth!

Total number of churches, organizations, schools and corporates participated in HKCNP programs or partnered with us in various districts:

2018

Network for the Poor

HKCNP Love in Action

Special thanks to Christian Director Tang Hon Kwan and Principal Chan Yau Kwong Mother and Daughter Memorial Education Fund which is committed to assisting the underprivileged families and students with academic needs.

Thanks to the generous donation made by our partners, the numbers of beneficiaries were as follows:

- Food: 95,242 units
- Service: 13,703 people
- Supplies: 30,745 units
- Number of participants in community service: 925

PeaceBox Campaign

- Number of PeaceBox distributed: 8,516 units
- Number of participating partners: 84

"A Cup of Cold Water" Unemployment Emergency Relief Fund (accumulative)

- Numbers of beneficiary: 433, involving \$2,165,000 in total

Social Caring Volunteer Coupon Subsidy Program (accumulative)

- Numbers of beneficiary: 619
- Number of participating partners: 89
- Involving: \$2,906,119 in total

Mentorship Culture Promotion

Child Development Fund Mentorship Program (CDF)

- 12 district-based projects and 19 school-based projects
- Total sponsorship amounted to 1,170,000
- 2200 underprivileged children benefited from the program for three years and beyond their lifetimes

*Number of projects to be launched each year is subject to the plan of the government

Post-Child Development Fund Program (Post-CDF)

- Provided 19 mentees graduating from CDF with support for extra two years

HKCNP Youth Upward Mobility Mentorship Program (YUM)

- 34 youngsters aged 18-25 participated in the program in 2023
- A total of 284 mentees has participated in the program
- A total of 195 mentors has participated in YUM program as of 2023

Review of major activities in 2023

HKCNP persists in promoting the "Kingdom Asset Based Community Development" model through diverse advocacy and educational initiatives, fostering unity among partners in "caring for the impoverished, fostering network partnership, and transforming the community".

Sharing session of "NT North District Survey" report by HKCNP and Christian North District Chinese Association

Through the "NT North District Survey", HKCNP and the Christian North District Chinese Association garnered a deeper understanding of the prevailing community dynamics in North District. The convened forum on 20 May 2023 provided a platform for the 80+ participating pastors, lay leaders, and dedicated servants from diverse congregations to collectively share their experiences and learnings from the practical outworking of community transformation efforts. One crucial finding in the report is that the "spiritual index" of the North District residents whom the churches have been consistently following up with are higher than those of the general populace. Guided by the survey findings, HKCNP has been diligently following up and mobilizing resources from partners across different regions who are eager to support and focus on the development of North District, "doing new things" in this locality. We have categorized the spiritual index into the following 3 facets:

1. "Experiencing inner peace" - Through the care and community service of the church, the recipients have encountered love, connection, care, and compassion.
2. "Feeling spiritually abundant" - Through the connections built with the church and the community, the recipients have expanded their social networks and enhanced their mental and psychological well-being, transcending the material deprivation and insufficiency.
3. "Able to bestow blessings" - Empowering the recipients, enabling them to transform from being the beneficiaries to becoming the benefactors, broadening their horizons, allowing their stories to become a source of blessing to others, and establishing a sense of achievement and improved self-image, passing on the feeling of happiness.

HKCNP co-organized the "Blessing the Neighborhood" Home Visiting Volunteer Training with the Department of Applied Social Sciences of the Hong Kong Polytechnic University

It is grateful that HKCNP and the churches in North District have established a strong foundation of networked collaborative service in their shared journey of "Kingdom Asset Based Community Development". Whether it is through prayer walks, volunteer training courses, or church leadership development programs, they have diligently shared experiences, human resources, and material resources. Furthermore, they have formed volunteer teams to regularly reach out and care for the underprivileged residents in the squatter areas in North District and Tin Ping Estate. In direct response to the insightful findings of the "NT North District Survey", they have equipped a cadre of volunteers who are eager to learn and provide compassionate care for individuals, families, and the elderly in need in the community, with a particular focus on addressing mental health and livelihood-related challenges. Upon completing the training, these volunteers can then register to serve as "Blessing the Neighborhood" home visiting volunteer in Tin Ping Estate in Sheung Shui, as well as apply for the "Practicing Community Service Activation Fund" established by HKCNP. This empowers them to put their newfound knowledge and skills into tangible practice within their local communities through congregations.

Details and report of NT North District Survey, volunteer training courses

Review of major activities in 2023

JoyAge Volunteer Leaders Training Program

It represents an advanced iteration of the "Blessing the Neighborhood" Home Visiting Volunteer Training. HKCNP and the Department of Applied Social Sciences of the Hong Kong Polytechnic University have continued to co-organize this program, with 13 participating pastors and lay leaders from HKCNP's partner churches. They have gained profound understanding and mastered the holistic care techniques necessary to address the physical, mental, social and spiritual needs. Specialized programs like "Relaxing and Healthy Stretching" (stretching class) and "Thousand Steps to Health" (male walking group) have been carefully designed for the elderly in Tin Ping Estate to foster deeper relationships and build long-term support networks with the elderly in the district.

Publishing the book "Journey with the Poor to Transformation" and its English version

Featuring insightful biblical reflections and 22 real-life testimonies from HKCNP's partners, the book celebrates and reviews the fruitful outcomes of the "Kingdom Asset Based Community Development" model, presenting the beautiful witness of collaborative service. It also honors and appreciates the tireless efforts of the participating churches, working professionals, and dedicated individuals. The book aims to inspire readers to discover their own unique ways of serving the poor, so that they too can participate in and bear witness to God's miraculous work of transformation as individuals, in churches or in the community, enabling the poor to experience renewal in their physical, mental, social and spiritual dimensions, and together savor the peace and fulfillment that comes from the Lord.

HKCNP Church Space Transformation Ministry

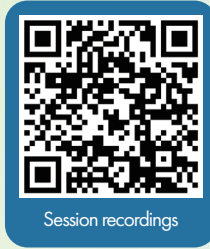

The ministry empowers and supports partner churches to open up their spaces, deepen community relationships, and cultivate mutual trust among neighbors. By organizing space transformation workshops and pastoral fellowships, experienced churches are encouraged to share their knowledge and best practices of utilizing church spaces to serve the poor, thereby promoting a culture of generosity and sharing. In 2023, 3 workshops and 3 pastoral fellowships were held, connecting over 40 units on this collaborative journey.

Agape Healthcare x HKCNP : Holistic Care Ambassador Training Course

HKCNP has dedicated itself to the holistic nurturing of volunteers - tending to their physical, mental, social, and spiritual well-being - in order to provide compassionate care to the underprivileged. This has facilitated the establishment of Healing Community, where volunteer teams engage in outreach services and mutually encourage one another as they experience God's work. The program ran from June 2022 to June 2023, garnering registrations from 228 brothers and sisters hailing from diverse local congregations. Upon the program's conclusion, the "Agape Healthcare Volunteer Team" was formed, comprising 28 members from different churches, to extend the blessings to various districts across Hong Kong. The 25 recorded sessions of the program have been uploaded to HKCNP's website, serving as online training resources for churches or believers aspiring to reach out and serve their communities.

Community Ambassador Caring Experience Program-Advanced Training Alumni

The "Community Ambassador Caring Experience Program - Advanced Training" was completed for the 4th time in 2023, with 45 graduates from different churches joining the alumni association. They convene to share how they have applied the learnings to their own congregations from time to time, and have formed reading groups utilizing the "Journey with the Poor to Transformation" group discussion material to facilitate discussions and prayers.

10.10.10 Caring for the Poor Movement

In observance of the United Nations' "International Day for the Eradication of Poverty" for the 11th consecutive year, HKCNP organized 3 online sharing sessions for the "10.17 Fast-a-Meal" Caring for the Poor Movement, attracting over 90 participants who gathered to witness and contemplate how to become a blessing to the community.

HKCNP Pastor & Network Leader Retreat 2023

Over 70 pastor leaders serving on the frontlines of community work were invited to the "HKCNP Pastor & Network Leader Retreat" on 28 November 2023. Under the facilitation of and with the sharing by Dr. Pan Yi Jung of the China Graduate School of Theology, the participants convened in regionally-oriented small groups to share their distinctive visions and aspirations for their respective neighborhoods, discerning unmet service needs, and exploring innovative modes of inter-congregational collaboration. Through this retreat experience, the attending pastors were spiritually rejuvenated and galvanized, empowered to continue their steadfast efforts to exemplify the attributes of God's Kingdom within the local communities where their churches are embedded, thereby instilling a sense of hope.

Review of major activities in 2023

HKCNP Dr Mac Pier Sharing Session

HKCNP is honored to invite Dr. Mac Pier, one of the key founders of Global Movement Day (a city-wide transformation day) with extensive experience in the world, to hold a sharing and exchange session on December 7th 2023. Over 60 pastors have signed up to participate. Dr. Mac shared five principles for fruitfulness in urban ministry, with Hong Kong being significant. Currently, over 100 countries and 450 cities use this principle to respond to community needs and empower Christian leaders to bring God's Kingdom culture into the community. Finally, Rev Lin Chun-Choi, HKCNP District Network Convenor, shared his testimony of how he transformed lives and communities in Shui Chuen O through collaboration.

Future Leader Internship Program 2023

In 2023, HKCNP hosted 12 local and international students from the Chinese University of Hong Kong, as well as 6 medical students arranged by the HKU Healthcare Backpacker. The interns participated in the frontline service work of partner churches, gaining first hand understanding of community poverty while also contributing human resources to the congregations. Beyond frontline work, they were also involved in planning and refining HKCNP's ministries, promoting a networked collaborative community care model.

Articles by HKCNP

In 2023, HKCNP published over 20 articles on Christian Times, Christian Weekly, Herald Monthly, Mingpao and Five Loaves & Two Fish Newsletter of Hong Kong Christian Council to share the philosophy of poverty caring, encourage readers to reach out to the crowd and serve the community.

Worships and sermons

In 2023, HKCNP visited over 10 partner churches or denominational alliances for sermons to share information about poverty caring, and expressing concern for the churches, walking alongside them.

We cordially invite you to continue your involvement, allowing the Lord to empower you, as we unite in our commitment to care for the underprivileged, foster network partnership, and transform our communities.

Become our partner in poverty caring, network partnership and community transformation!

- Stand with HKCNP vision. Get into the community in the foundation of Christian faith. Take the Kingdom of God as our basis and the community as our focus. Practices the Father's Kingdom on earth.
- Testify church's unity in Trinity of God with act of love. With the sense of sharing, gather resources and serve the community more effectively.
- Actively participate in poverty alleviative initiatives and education. Spread faith, hope and love in the community.
- Follow closely to HKCNP's news and ministries. Actively invite other partners and fellow Christians to participate in the service.

Register as our partner:
(Church, institute, school or enterprise)

Become our intern to reach out to the community and implement the commandment of loving the neighbor!

HKCNP has been implementing the internship program throughout the year. Students from tertiary institutions and seminaries are welcome to sign up to become fellows of HKCNP and partner churches, and work together to bring the Kingdom to the community. We sincerely invite you to register as an intern of HKCNP, learn to know the community, enter the crowds, and practice the mission of Kingdom of God!

Register as our intern

And the King will answer them, 'Truly, I say to you, as you did it to one of the least of these my brothers, you did it to me.' (Matthew 25:40)

Please support HKCNP in poverty caring, network partnership and community transformation, so as to implement Kingdom Asset Based Community Development (KABCD), a process of authorization and empowerment by God, during which people grow in their ability to face, deal with their own problems and take control of their lives, resulting in a whole-person development with physical, mental, social and spiritual growth, and improvement of various aspects of the community. Thus, the individuals become all that God intends them to be and the community becomes a place manifesting His Kingdom!
